Accommodation Location

How to View Accommodation Details and Booking Options

1. Open the Internships page or the corresponding Topics page.
2. Select the relevant focused area.
3. Select the available duration, mode and internship type.
4. Choose **Offline** mode to access accommodation booking options.
5. Continue to the fee/payment page and use the **Branches Select Option**.
6. After selecting the branch, use **Book NTHRYS Accommodation** to view accommodation fee, facility photographs, amenities and the available booking details.

Cancer Microbiology Internship Categories

AI Tumor Microbiome Characterization Research https://internships.nthrys.com/cancer-microbiology/ai-tumor-microbiome-characterization-research	Machine Learning Oncobiosis Mechanism Research https://internships.nthrys.com/cancer-microbiology/machine-learning-oncobiosis-mechanism-research

Cancer Microbiology Internship Topics and Focused Areas

AI Tumor Microbiome Characterization Research

- Microbial DNA Sequence Analysis and Taxonomic Classification
- Machine Learning Model Development for Microbiome Prediction
- Functional Metabolic Pathway Analysis of Tumor Microbes
- Integration of Multi-Omics Data for Microbiome-Cancer Phenotyping
- Deep Learning Model Optimization for Medical Image-Microbiome Correlation

AI HPV & Viral Oncogenesis Research

- HPV Genome Sequencing and Variant Classification
- Machine Learning Models for HPV-Cancer Progression Prediction
- Viral Integration Mapping and Oncogenic Driver Identification
- Immunoinformatics and HPV-Antigen Prediction Analysis
- Multi-Omics Integration in Viral Oncogenesis Studies

Microbial Biomarker Discovery Glioblastoma Patients

- Bacterial Microbiota Profiling in Glioblastoma Tissues
- Identification of Pathogenic Microbial Species as Diagnostic Biomarkers
- Microbial Metabolite Analysis and Tumor Microenvironment Interactions
- Viral and Parasitic Pathogen Detection in Glioblastoma Patients
- Antimicrobial Susceptibility Testing of Glioblastoma-Associated Microbes
