

Mathematical Modelling Internship with Accommodation at Chennai

This PDF is generated dynamically from the current NTHRYS ASCEND database for **Mathematical Modelling**.

Source page:
<https://www.nthrys.com/mathematical-modelling-internship-with-accommodation-at-chennai.html>

50 Active Categories	10 Focused Areas	Chennai Accommodation Location
--------------------------------	----------------------------	--

How to View Accommodation Details and Booking Options

1. Open the Internships page or the corresponding Topics page.
2. Select the relevant focused area.
3. Select the available duration, mode and internship type.
4. Choose **Offline** mode to access accommodation booking options.
5. Continue to the fee/payment page and use the **Branches Select Option**.
6. After selecting the branch, use **Book NTHRYS Accommodation** to view accommodation fee, facility photographs, amenities and the available booking details.

Mathematical Modelling Internship Categories

AI Epidemiological Modelling Research https://internships.nthrys.com/mathematical-modelling/ai-epidemiological-modelling-research	Machine Learning Climate Mathematical Model Research https://internships.nthrys.com/mathematical-modelling/machine-learning-climate-mathematical-model

Mathematical Modelling Internship Topics and Focused Areas

AI Biological System Modelling Research

- Protein Folding Prediction Using Deep Learning
- Systems Biology Network Analysis
- Pharmacokinetic and Pharmacodynamic Modeling
- Computational Neuroscience and Neural Circuit Modeling
- Tumor Growth and Cancer Progression Modeling

Neuron Firing and Brain Dynamics Modelling

- Hodgkin-Huxley Model Implementation and Parameter Optimization

- Neural Network Synchronization and Coupled Oscillator Dynamics
- Stochastic Neuron Models and Noise Effects on Spike Timing
- Bifurcation Analysis and Neuronal Excitability Transitions
- Multi-scale Brain Dynamics: From Single Neurons to Population-Level Activity
