Hyderabad
Accommodation Location

How to View Accommodation Details and Booking Options

1. Open the Internships page or the corresponding Topics page.
2. Select the relevant focused area.
3. Select the available duration, mode and internship type.
4. Choose **Offline** mode to access accommodation booking options.
5. Continue to the fee/payment page and use the **Branches Select Option**.
6. After selecting the branch, use **Book NTHRYS Accommodation** to view accommodation fee, facility photographs, amenities and the available booking details.

Molecular Pharmacology Internship Topics and Focused Areas

Machine Learning Signal Transduction Drug Research

- Protein-Ligand Binding Prediction Using Deep Learning
- Signal Transduction Pathway Classification and Network Analysis
- Drug Response Prediction in Cell-Based Assays
- Molecular Feature Engineering for ADMET Properties
- Kinase Inhibitor Selectivity Profiling and Mechanism Discovery

Natural Product Bioactive Screening

- Phytochemical Isolation and Characterization

- High-Throughput Bioactivity Screening
- Receptor Binding and Molecular Docking Studies
- Cytotoxicity and Cellular Mechanism Evaluation
- Natural Product Structure-Activity Relationship (SAR) Analysis
