Accommodation Location

How to View Accommodation Details and Booking Options

1. Open the Internships page or the corresponding Topics page.
2. Select the relevant focused area.
3. Select the available duration, mode and internship type.
4. Choose **Offline** mode to access accommodation booking options.
5. Continue to the fee/payment page and use the **Branches Select Option**.
6. After selecting the branch, use **Book NTHRYS Accommodation** to view accommodation fee, facility photographs, amenities and the available booking details.

Pharmacognosy Internship Topics and Focused Areas

Phytochemical Extraction Optimization Studies

- Solvent Selection and Optimization for Alkaloid Extraction
- Green Extraction Technologies for Polyphenolic Compounds
- Temperature and Time-Dependent Extraction Kinetics
- Particle Size and Material Pre-treatment Effects on Extraction Efficiency
- Sequential and Fractional Extraction Strategy Development

Pharmacokinetics Plant Derived Compounds

- Bioavailability Assessment of Alkaloid-Based Compounds
- Metabolism and Biotransformation Pathways of Plant Polyphenols

- Drug-Drug Interactions of Herbal Constituents with Conventional Medications
- Distribution and Tissue Accumulation of Phytochemicals
- Elimination Kinetics and Half-Life Determination of Plant Secondary Metabolites
