Accommodation Location

How to View Accommodation Details and Booking Options

1. Open the Internships page or the corresponding Topics page.
2. Select the relevant focused area.
3. Select the available duration, mode and internship type.
4. Choose **Offline** mode to access accommodation booking options.
5. Continue to the fee/payment page and use the **Branches Select Option**.
6. After selecting the branch, use **Book NTHRYS Accommodation** to view accommodation fee, facility photographs, amenities and the available booking details.

Plant Pathology Internship Categories

AI Plant Pathogen Genomics Research https://internships.nthrys.com/plant-pathology/ai-plant-pathogen-genomics-research	Machine Learning Disease Resistance Research https://internships.nthrys.com/plant-pathology/machine-learning-disease-resistance-research

Host Plant Anatomical Response to Infection https://internships.nthrys.com/plant-pathology/host-plant-anatomical-response-to-infection	Integrated Pest Management Decision Support Systems https://internships.nthrys.com/plant-pathology/integrated-pest-management-decision-support-systems

Plant Pathology Internship Topics and Focused Areas

Root Rot Pathogen Soil Ecology Research

- Rhizosphere Microbial Community Profiling
- Pathogen Survival and Propagule Dynamics in Soil
- Soil Suppressiveness Bioassay Development and Validation
- Organic Matter Decomposition and Pathogen Ecology
- Root Exudate Chemistry and Pathogen Chemotaxis
