

## Pharmacology Summer Internships

Join Pharmacology summer internships to explore the effects of drugs on biological systems, focusing on drug mechanisms, pharmacokinetics, pharmacodynamics, and the development of new therapeutic agents in fields like cancer, neurology, and cardiovascular health.

### Focussed Areas under Pharmacology Summer Internship

1. Mechanisms of drug action in biological systems
2. Pharmacokinetics and pharmacodynamics of drugs
3. Drug metabolism and bioavailability
4. Pharmacology of cancer therapies
5. Neuropharmacology and drug effects on the brain
6. Cardiovascular pharmacology and heart disease treatments
7. Pharmacology of pain management and analgesics
8. Endocrine pharmacology and hormone therapies
9. Pharmacogenetics and personalized drug therapies
10. Pharmacology in immune modulation and inflammation
11. Drug discovery and development processes
12. Pharmacological approaches in treating infectious diseases
13. Toxicology and drug safety evaluation
14. Molecular pharmacology and drug-target interactions
15. Regulatory pharmacology and drug approval processes
16. Pharmacology of natural products and herbal medicine
17. Pharmacology in diabetes and metabolic disorders
18. Pediatric and geriatric pharmacology
19. Clinical pharmacology and drug trials
20. Nanotechnology applications in drug delivery

### Protocols Covered across various focussed areas under Pharmacology Summer Internship

1. Pharmacokinetics and bioavailability testing protocols
2. Drug metabolism assays for pharmacological studies
3. Molecular techniques for drug-target interaction analysis
4. Protocols for drug discovery and development processes
5. Neuropharmacology research techniques
6. Pharmacological testing in cancer therapies
7. Pharmacology of cardiovascular drug testing protocols

8. Pharmacogenetics testing workflows
9. Toxicological evaluation protocols for drug safety
10. Clinical trial protocols in pharmacology research

**Duration: 5, 10, 15, 20, and 30 Days**

**Note: Please cross confirm whether internship slots for this field are available before joining.**
