Service Segment · Costing, Timelines & Resource Gantt Charge:
Rs 10400

Plan, cost and schedule your PhD work so that buffers and dependencies are visible up front. This segment builds a work breakdown structure, resource loading views, critical path and burn-rate watch, plus a one page Gantt you can share with supervisors and labs.

Work breakdown structure of tasks, milestones and deliverables

Resource loading versus availability overlay (people, rooms, instruments)

Critical path and slack identification with key dependencies marked

Monthly burn rate view and simple variance watch against budget

Scenario plans for fast, normal and constrained resource cases

One page Gantt export in PNG and PDF for reviews and submissions
