Discovery & Topic Framing

[Help Desk · WhatsApp](#)

Make a defensible start

We help you move from a broad interest to a reviewer friendly, testable plan. Expect shortlists of high impact topics, feasibility notes, risk maps, SMART aims, precise research questions and hypotheses, measurable outcomes, and a high level timeline.

Service Segment · Topic Ideation & Shortlisting Charge: Rs 8800

Domain and trend scan for last five years

Five to seven topics with one line rationale

Novelty and scope scorecards

Initial aim or objective sketches

Feasibility notes for time, instrument, access

Shortlist recommendation and next steps

Service Segment - Feasibility Assessment & Risk Matrix

Charge: Rs 9800

Constraint inventory for approvals and access

Timeline realism and buffers

Instrumentation and consumables map

Probability by impact risk matrix

Mitigation and fallback strategies

Go, hold, alternate recommendation

Service Segment - Problem-Gap-Aim Coherence Charge: Rs 45000

Problem statement refinement

Gap statements with citations

SMART aims and sub aims

Scope boundaries for in or out

Outcome alignment and rationale

Ready to paste synopsis block

Service Segment - Research Question & Hypothesis Charge: Rs

25000

Structured research questions per objective

Null and alternate hypotheses

Variable mapping and definitions

Assumptions and priors where applicable

Endpoint measurability criteria

Methods alignment note

Service Segment - Outcome Measures & KPIs Charge: Rs 7200

Primary and secondary outcomes

Measurement scales and tools

Effect size targets and thresholds

Stopping rules and decision criteria

Link to statistical analysis plan

Reporting templates

Service Segment - High level Timeline or Gantt & Resources
Charge: Rs 8400

Semester or quarter milestones

Dependencies and critical path

Resource and access calendar

Slack and buffer recommendations

Review gates and deliverables
