Important Note

Note 1: Candidates may select any one of the focused areas listed for their project work.

Note 2: Fundamental concepts are provided as guidance for candidates who require them; however, candidates may choose to bypass these sections if desired.

Note 3: All candidates will gain practical, hands-on experience with every step outlined in the provided methodology.

Note 4: Comprehensive placement assistance and career guidance will be available to all candidates during and after the project.

Note 5: We understand that many students may lack basic practical exposure due to shortcomings in their college education. This is not the fault of the students but rather a failure of the institutions and their staff. At NTHRYS, our staff excel at training every student from the ground up, ensuring they gain the necessary skills and experience.
