Accommodation Location

How to View Accommodation Details and Booking Options

1. Open the Internships page or the corresponding Topics page.
2. Select the relevant focused area.
3. Select the available duration, mode and internship type.
4. Choose **Offline** mode to access accommodation booking options.
5. Continue to the fee/payment page and use the **Branches Select Option**.
6. After selecting the branch, use **Book NTHRYS Accommodation** to view accommodation fee, facility photographs, amenities and the available booking details.

Translational Genomics Internship Categories

AI Clinical Genome Implementation Research https://internships.nthrys.com/translational-genomics/ai-clinical-genome-implementation-research	Machine Learning Genomics-Drug Response Research https://internships.nthrys.com/translational-genomics/machine-learning-genomics-drug-response
AI Tumor Genomics Translation Research https://internships.nthrys.com/translational-genomics/ai-tumor-genomics-translation-research	AI Rare Disease Genomics Translation Research https://internships.nthrys.com/translational-genomics/ai-rare-disease-genomics-translation
AI Pharmacogenomics Translation Research https://internships.nthrys.com/translational-genomics/ai-pharmacogenomics-translation-research	AI Newborn Genome Screening Research https://internships.nthrys.com/translational-genomics/ai-newborn-genome-screening-research
AI Population Genomics Translation Research https://internships.nthrys.com/translational-genomics/ai-population-genomics-translation-research	AI Genomic Biomarker Validation Research https://internships.nthrys.com/translational-genomics/ai-genomic-biomarker-validation-research
AI Microbiome Genomics Translation Research https://internships.nthrys.com/translational-genomics/ai-microbiome-genomics-translation-research	AI Epigenomics Clinical Translation Research https://internships.nthrys.com/translational-genomics/ai-epigenomics-clinical-translation-research
CRISPR Gene Editing Clinical Translation Studies https://internships.nthrys.com/translational-genomics/crispr-gene-editing-clinical-translation	Whole Genome Sequencing Data Integration Pipeline https://internships.nthrys.com/translational-genomics/whole-genome-sequencing-data-integration
Cancer Genomics Mutation Signature Translation Research https://internships.nthrys.com/translational-genomics/cancer-genomics-mutation-signature-translation	Cardiovascular Genomics Risk Stratification Study https://internships.nthrys.com/translational-genomics/cardiovascular-genomics-risk-stratification
Psychiatric Genomics Polygenic Risk Score Development https://internships.nthrys.com/translational-genomics/psychiatric-genomics-polygenic-risk-score	Pharmacogenetic Testing Implementation Outcomes Research https://internships.nthrys.com/translational-genomics/pharmacogenetic-testing-implementation-outcomes

Non-coding RNA Therapeutic Target Discovery Research https://internships.nthrys.com/translational-genomics/non-coding-rna-therapeutic-target-discovery	Immune Repertoire Sequencing Clinical Application Study https://internships.nthrys.com/translational-genomics/immune-repertoire-sequencing-clinical-application
Structural Variant Detection Clinical Validation Work https://internships.nthrys.com/translational-genomics/structural-variant-detection-clinical-validation	Metabolic Pathway Genomics Disease Translation Research https://internships.nthrys.com/translational-genomics/metabolic-pathway-genomics-disease-translation
Infectious Disease Genomics Treatment Response Studies https://internships.nthrys.com/translational-genomics/infectious-disease-genomics-treatment-response	Mitochondrial Genomics Clinical Application Research https://internships.nthrys.com/translational-genomics/mitochondrial-genomics-clinical-application
Genetic Counseling Decision Support Tool Development https://internships.nthrys.com/translational-genomics/genetic-counseling-decision-support-tool	Copy Number Variation Disease Association Studies https://internships.nthrys.com/translational-genomics/copy-number-variation-disease-association
Liquid Biopsy Genomics Cancer Detection Research https://internships.nthrys.com/translational-genomics/liquid-biopsy-genomics-cancer-detection	Neurological Disorder Genomics Precision Medicine Study https://internships.nthrys.com/translational-genomics/neurological-disorder-genomics-precision-medicine
Single-Cell Genomics Disease Heterogeneity Investigation https://internships.nthrys.com/translational-genomics/single-cell-genomics-disease-heterogeneity	Germline Variant Interpretation Database Development https://internships.nthrys.com/translational-genomics/germline-variant-interpretation-database
Prenatal Genomic Testing Clinical Workflow Research https://internships.nthrys.com/translational-genomics/prenatal-genomic-testing-clinical-workflow	Environmental Genomics Gene-Environment Interaction Study https://internships.nthrys.com/translational-genomics/environmental-genomics-gene-environment-interaction
Immunotherapy Genomics Biomarker Translation Research https://internships.nthrys.com/translational-genomics/immunotherapy-genomics-biomarker-translation	Organ Transplant Pharmacogenomics Implementation Study https://internships.nthrys.com/translational-genomics/organ-transplant-pharmacogenomics-implementation
Developmental Disorder Genomics Functional Annotation https://internships.nthrys.com/translational-genomics/developmental-disorder-genomics-functional-annotation	Autoimmune Disease Genomics Therapeutic Target Research https://internships.nthrys.com/translational-genomics/autoimmune-disease-genomics-therapeutic-target
RNA Sequencing Transcriptomic Biomarker Discovery Work https://internships.nthrys.com/translational-genomics/rna-sequencing-transcriptomic-biomarker-discovery	Ancestry-Specific Genomics Population Health Research https://internships.nthrys.com/translational-genomics/ancestry-specific-genomics-population-health
Metabolomic-Genomic Integration Clinical Application Study https://internships.nthrys.com/translational-genomics/metabolomic-genomic-integration-clinical-application	Proteogenomics Disease Mechanism Discovery Research https://internships.nthrys.com/translational-genomics/proteogenomics-disease-mechanism-discovery
Antimicrobial Resistance Genomics Surveillance Study https://internships.nthrys.com/translational-genomics/antimicrobial-resistance-genomics-surveillance	Gene Therapy Clinical Outcome Assessment Research https://internships.nthrys.com/translational-genomics/gene-therapy-clinical-outcome-assessment
Chronic Disease Genomics Digital Health Integration https://internships.nthrys.com/translational-genomics/chronic-disease-genomics-digital-health-integration	Hematologic Malignancy Genomics Treatment Selection https://internships.nthrys.com/translational-genomics/hematologic-malignancy-genomics-treatment-selection
Long-Read Sequencing Technology Clinical Application Study https://internships.nthrys.com/translational-genomics/long-read-sequencing-technology-clinical-application	Aging Genomics Longevity Biomarker Translation Research https://internships.nthrys.com/translational-genomics/aging-genomics-longevity-biomarker-translation
Reproductive Genomics Carrier Screening Program Development https://internships.nthrys.com/translational-genomics/reproductive-genomics-carrier-screening-program	Exome Sequencing Clinical Interpretation Standardization https://internships.nthrys.com/translational-genomics/exome-sequencing-clinical-interpretation-standardization
Integrative Multi-Omics Cancer Precision Medicine Study https://internships.nthrys.com/translational-genomics/integrative-multi-omics-cancer-precision-medicine	Genetic Variant Clinical Significance Evidence Curation https://internships.nthrys.com/translational-genomics/genetic-variant-clinical-significance-evidence-curation
Endocrine Disorder Genomics Risk Prediction Research https://internships.nthrys.com/translational-genomics/endocrine-disorder-genomics-risk-prediction	Respiratory Disease Genomics Treatment Precision Study https://internships.nthrys.com/translational-genomics/respiratory-disease-genomics-treatment-precision

Translational Genomics Internship Topics and Focused Areas

No active focused areas are currently available.

Generated on demand by NTHRYS. This PDF is not stored on the server; it is streamed directly to the browser from the current database content.
